

Project 2 Report : Circuit Schematic

Name : Xiangsheng Gu

- If you're using Microchip Studio:
1. You need to access the Fuse settings in Device Programming menu.
 2. Last item in the list -> LOW_SUT_CRSEL.
 3. Last choice -> "Ext. Crystal/Resonator High Freq. Start-up time: 60KHz-14 ms".
 4. **DON'T CHANGE ANYTHING ELSE!**
 5. Click program and close!
